

Kentucky Colleges

Part III

The following pages provide information concerning costs, admissions requirements, academic programs and student financial aid for Kentucky colleges. Information in Part III is subject to change. For the most up-to-date information, contact the school you plan to attend.

All schools included in Adults Returning to School must participate in a Title IV program and a KHEAA program or be a public college. KHEAA has not independently verified information concerning the programs offered by schools, accreditation and licensure or eligibility of the schools to participate in Federal Title IV programs of student financial aid. KHEAA, therefore, makes no representation, express or implied, about the accuracy of that information but relies on information submitted by each school. Some Kentucky schools that provide financial aid may not meet KHEAA's guidelines for inclusion in Adults Returning to School or may not have responded to KHEAA's request for information. Students attending these schools should check with the school's financial aid office for information about their financial aid programs.
